

Resumes

We are going to try something a little different this year in regards to **Resumes...**

In an effort to 1) be a little more eco-friendly, 2) make things go quicker at registration, 3) to keep advisors from worrying about carrying all that paperwork, we are asking that resumes be emailed in advance to SkillsUSAWestVirginia@gmail.com. This will also help maintain anonymity for all the contestants. The judges will be made aware that they are not to penalize contestants for resumes, unless the contest is specifically designed as having a resume component - Job Interview, Employment Application Process, Health Occupations Professional Portfolio, etc.

Email all the resumes as an attachment - Please supply the list of names (as they are listed for their registration on the SkillsUSA site) and contests in the body of the email. Your subject line should have the schools name and Resumes... such as Roane-Jackson Resumes, Carver Career Center Resumes, MTEC Resumes, etc.

You can either attach each individual word document, PDF or Scanned files separately, or you could scan them as all one batch through a printer or copier or send a combination. Whatever works best for you! (However, we ask that you *don't* send a separate email for each student. It will be easier to track them by school.)
